NEW

Clamp connector is designed for mounting of fencing panels on the post. Widely used in industrial, sports, public and private property fencings.

- Very solid coupling of panels, 2 D type 6/5/6 or 8/6/8 and all 3 D panels types with the fencing post.
- Made of very robust plastic PA.
- Attractive design.
- Freeze-resistant.
- UV-resistant.
- U-bolt clamp and nuts made of stainless steel A2.
